Mobile/Manufactured Home Demolition Information

In order to be reimbursed for the disposal of your home, the Office of Mobile/Manufactured Home Relocation Assistance must receive copies of verifiable receipts or invoices of demolition and delivery to a landfill. Please also include documentation if your home was tested for asbestos and if asbestos remediation was performed.

Demolition and disposal procedures for a mobile/manufactured home vary from jurisdiction to jurisdiction. To find out what the requirements are for your jurisdiction, you or your contractor can contact:

PERMITS and CERTIFICATIONS

- The city building department if you live within city limits; or
- The county building department if you live outside the city limits

Phone numbers can be found in the city or county government listings in the telephone directory or on the internet.

ASBESTOS DETECTION/DISPOSAL
